

Resource Sheet from the Video

Some students will continue education at technical college or school; some at a 2-or 4-year college or university; and some graduate with a degree or a certificate. No matter what, higher education is different. Come learn what some of the differences are and how you can prepare to be successful if you continue your education. We welcome in Kay Eibl from Waukesha Community Technical College.

After viewing the video, please take a very short survey --
